

## UNFPA Tanzania Country Programme Invitation for Expression of Interest (EOI)

---

### **Background**

The United Nations Populations Fund (UNFPA) is implementing its eighth Country Programme (July 2016/June 2021) at both national and subnational levels. The direct beneficiaries are women, young people and adolescent girls, and at-risk populations, with a geographical focus on districts with poor sexual and reproductive health and rights indicators. Advancing gender equality and empowering women and girls, and adolescents and youth is at the heart of UNFPA's mandate and interventions in Tanzania. We support efforts to: (1) Strengthen the capacity of government and civil society to prevent and respond to gender-based violence (GBV) and harmful practices, including female genital mutilation (FGM) and child, early and forced marriage; (2) Support the government and civil society to design and implement comprehensive programmes to reach marginalized adolescents and implement community-based life skills education programmes that promote human rights and gender equality.

### **Invitation for Expression of Interest**

UNFPA is in the process of identifying NGO partners for collaboration in implementing the interventions in the two thematic areas described above.

Those interested in participating in this collaboration are invited to forward their expression of interest to **UNFPA Country Representative, #1131c Msasani Rd, Dar es Salaam, Tanzania, or** by email to: **tanzania.office@unfpa.org**, specifying **“Expression of Interest” in the subject line. Deadline for applications is April 19, 2020.**

All Expressions of Interest must be accompanied by the following supporting documents:

- Full legal name and address of applying organization (physical address, P.O.Box, phone number, email address, website where applicable).
- Copy of valid legal registration in Tanzania.
- Documented fulfillment of tax obligations and tax registration number.
- Copy of audited financial statements for the past three years.
- Short description of existing operations in the thematic area(s) of: GBV and harmful practices including FGM and child, early and forced marriage; **and/or** youth participation in decision-making, adolescent and youth-friendly services (AYFS) and comprehensive sexuality education (CSE); together with the duration of the operations **(maximum 2 pages)**.

Upon receipt of the above information from prospective partners, UNFPA will evaluate and pre-assess applicants.

Organizations that fulfill the criteria listed above will be invited to submit a formal proposal to describe how they would implement UNFPA's programme interventions if selected to be the implementing partner.

A more detailed description of the scope of work will be provided to candidates who are preselected by UNFPA to submit formal proposals.

### **Note:**

- Due to the high volume of communications, UNFPA is not in a position to confirm receipt of EOIs.
- The scope of work described in this invitation could be subject to change.
- Only shortlisted organizations will be contacted.
